FAFSA & Financial Aid Resources

The Free Application for Federal Student Aid (FAFSA) qualifies you for need-based financial aid: grants, loans, and work-study programs that help make college affordable and accessible.

Students and families can take the following steps to prepare for filing the FAFSA:

- Students should create a FAFSA account at <https://studentaid.gov>. Using a PERSONAL EMAIL ADDRESS, not your school account.
- Students and families can begin gathering information from their most recent tax returns. Schools use information collected on the FAFSA to determine each student's personalized financial aid offer, which shares the full cost of your education. ALL students are encouraged to file the FAFSA as early as possible. You will begin receiving financial aid offers via mail in January from most schools.
- [FAFSA](#) Now is an important time to begin preparing to complete the Free Application for Federal Student Aid (FAFSA). All students planning to attend any form of college or technical school training should file this form. Even if you believe you might not qualify, most schools require this form to award scholarships and other aid.
